

PTSD Consultation Program

FOR PROVIDERS WHO TREAT VETERANS

About the PTSD Consultation Program

The National Center for PTSD's Consultation Program offers consultation, education, information, and other resources to health professionals who treat Veterans with PTSD in the community or in the VA. Consultation is consistent with evidence-based practices for PTSD and consensus statements such as the VA/DoD Clinical Practice Guideline for PTSD.

“ The PTSD Consultation Program is staffed by experts who are responsive and provide on target responses and references. I feel absolutely confident whenever I reach out to them for answers. ”

Important information for non-VA providers about the scope of our program: The VA PTSD Consultation Program for Community Providers offers education, training, information, consultation and other resources to non-VA health professionals who treat Veterans with PTSD outside of the VA system. These services are provided consistent with evidence-based practices for PTSD and VA consensus statements such as the VA/DoD Clinical Practice Guidelines for PTSD. Our goal is to improve the care available to all Veterans with PTSD regardless of where they access services. We offer expert guidance on general issues that come up in the course of caring for Veterans with PTSD. We cannot, however, provide direct guidance or consultation regarding nor assume clinical responsibility for specific patients; any potential liability would be only in accordance with the Federal Tort Claims Act.
